### TOWNSCAPE promotes Thomas Schiffer to managing director

**Berlin, 12 January 2021:** Project developer TOWNSCAPE has appointed long-time employee Thomas Schiffer as an additional managing director, effective 1 January 2021. Schiffer (40) has already headed the technical project development department at TOWNSCAPE for almost three years and will continue to be responsible for this area in his new role. Thomas Schiffer joins the current managing directors Sebastian Grabianowski, Henrik Sassenscheidt and Philipp Grabianowski on their quest to keep driving the development of the TOWNSCAPE Group in the future.

Sebastian Grabianowski of TOWNSCAPE says: “Thomas has played a significant role in the positive development of the TOWNSCAPE Group in recent years. He is very familiar with the company’s internal structures and our corporate culture. We greatly value his expertise and opinion among our shareholders. What’s more, his entrepreneurial approach really stands out, and especially so in the challenging year that was 2020. We are therefore delighted to be able to involve Thomas even more closely in the company’s management in the future.”

Thomas Schiffer: “TOWNSCAPE’s team spirit and communication at eye level won me over right from the start. I have found my professional home here and look forward to continuing to contribute to the successful growth of the company in the years to come.”

Schiffer joined TOWNSCAPE in 2016 after many years of employment at Bollinger + Fehlig Architekten (Berlin), where he initially served as technical project manager. In this role, the graduate architect contributed his extensive experience in the field of construction and project management to the company, ensuring its financial success, before taking over as head of the department in April 2018.
